

Dear One,

This Bag of Love has been made JUST FOR YOU by a group of friends who truly care about you.

It is our wish that this bag will bring some joy to you. We pray that there are some things in this bag that are so special that you will cherish them for years to come.

Finally, we hope and pray that someday when you are an adult you will look back on the Bag of Love and will in your own way remember to offer a loving kindness to another child.
